

IMPORTANT CHANGES IN A. C. L. OFFICE

J. G. Torrey Has Been Made
Freight Agent at This Point.

AGENT STROBHAR IN NEW YORK

Is Reported to be in That City, Which
Will be Learned With Regret by
Friends—Chas. W. Parham Receives
Appointment as Chief Clerk.

Some important changes have been made within the past two or three days in the local management of the affairs of the Atlantic Coast Line Railroad, J. G. Torrey having been appointed freight agent of the road, succeeded Agent J. N. Strobhar, who is now in New York sick. Mr. Torrey assumed his duties Monday. He states, however, that the appointment is a temporary one, pending the illness of Mr. Strobhar.

Agent Strobhar has been connected with the Atlantic Coast Line in the capacity of freight agent for many years. He is regarded as a thoroughly competent, as well as obliging official, and his friends hope for his early recovery.

Mr. Torrey, the new agent, is by no means a stranger in railroad circles in this state. He has been for the past twenty years engaged in railroad work, having been connected with the Florida Southern in the pioneer days of that road—later with the Plant System, and with the Atlantic Coast Line since the Plant System was absorbed. For the past five years he has been in this city acting in the capacity of chief clerk to Division Superintendent Ford. He is a thorough railroad man in every branch he has served, and will retain for the system here the popularity created and established by Agent Strobhar.

There will be no change in the office force of the freight department.

Chas. W. Parham, train dispatcher, has been assigned to the chief clerkship in the superintendent's office, and assumed his new duties Monday. Mr. Parham is also an old and competent railroad man.

The Cause of Many

Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy. It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y.
